MMT Task 1 (1113)

Select the performance descriptors that you want to include in your printout.

You may wish to change your printer settings to “landscape” mode if you have a rubric with many performance columns.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
ARTICULATION OF RESPONSE (CLARITY, ORGANIZATION, MECHANICS)	The candidate provides unsatisfactory articulation of response.	The candidate provides weak articulation of response.	The candidate provides adequate articulation of response.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
A1. STRENGTHS	The candidate does not provide a logical evaluation of the existing strengths of the current IT infrastructure.	The candidate provides a logical evaluation, with insufficient detail, of the existing strengths of the current IT infrastructure.	The candidate provides a logical evaluation, with sufficient detail, of the existing strengths of the current IT infrastructure.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
A2. WEAKNESSES	The candidate does not provide a logical evaluation of the existing weaknesses of the current IT infrastructure.	The candidate provides a logical evaluation, with insufficient detail, of the existing weaknesses of the current IT infrastructure.	The candidate provides a logical evaluation, with sufficient detail, of the existing weaknesses of the current IT infrastructure.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
A3. OPPORTUNITIES	The candidate does not provide a plausible analysis of opportunities for updating technology within the current IT infrastructure.	The candidate provides a plausible analysis, with insufficient detail, of opportunities for updating technology within the current IT infrastructure.	The candidate provides a plausible analysis, with sufficient detail, of opportunities for updating technology within the current IT infrastructure.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
A4. THREATS	The candidate does not provide a plausible analysis of threats that could result from continued use of the current IT infrastructure.	The candidate provides a plausible analysis, with insufficient detail, of threats that could result from continued use of the current IT infrastructure.	The candidate provides a plausible analysis, with sufficient detail, of threats that could result from continued use of the current IT infrastructure.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
B1. STRENGTHS	The candidate does not identify <i>at least</i> 2 ways to leverage the strengths of the current IT infrastructure to improve the company's existing products and services.	The candidate identifies, with insufficient detail, <i>at least</i> 2 ways to leverage the strengths of the current IT infrastructure to improve the company's existing products and services.	The candidate identifies, with sufficient detail, <i>at least</i> 2 ways to leverage the strengths of the current IT infrastructure to improve the company's existing products and services.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
B1A. OPPORTUNITIES	The candidate does not identify <i>at least 2</i> opportunities within the current IT infrastructure to bring new products and services to the marketplace.	The candidate identifies, with insufficient detail, <i>at least 2</i> opportunities within the current IT infrastructure to bring new products and services to the marketplace.	The candidate identifies, with sufficient detail, <i>at least 2</i> opportunities within the current IT infrastructure to bring new products and services to the marketplace.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
B2. DEFICIENCIES	The candidate does not discuss the weaknesses and threats in the current IT infrastructure based on their impact or potential for impact.	The candidate discusses, with insufficient detail, the weaknesses and threats in the current IT infrastructure based on their impact or potential impact.	The candidate discusses, with sufficient detail, the weaknesses and threats in the current IT infrastructure based on their impact or potential impact.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
B3. DEFICIENCY WITH GREATEST IMPACT	The candidate does not provide a logical discussion of the 1 weakness or threat with the greatest potential for impact on the IT infrastructure.	The candidate provides a logical discussion, with insufficient support, of the 1 weakness or threat with the greatest potential for impact on the IT infrastructure.	The candidate provides a logical discussion, with sufficient support, of the 1 weakness or threat with the greatest potential for impact on the IT infrastructure.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
C1. RESEARCH STRATEGIES	The candidate does not provide a logical discussion of personal research strategies for identifying and evaluating current technologies.	The candidate provides a logical discussion, with insufficient detail, of personal research strategies for identifying and evaluating current technologies.	The candidate provides a logical discussion, with sufficient detail, of personal research strategies for identifying and evaluating current technologies.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
C1A. CURRENT TECHNOLOGY EXAMPLES	The candidate does not provide any examples of current technology that could address the weakness or threat that the candidate discussed in part B3.	The candidate provides only 1 example of current technology that could address the weakness or threat that the candidate discussed in part B3.	The candidate provides 2 or more examples of current technology that could address the weakness or threat that the candidate discussed in part B3.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
C2. STAYING INFORMED	The candidate does not provide a logical explanation of how the candidate plans to stay informed regarding current technologies.	The candidate provides a logical explanation, with insufficient detail, of how the candidate plans to stay informed regarding current technologies.	The candidate provides a logical explanation, with sufficient detail, of how the candidate plans to stay informed regarding current technologies.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
C2A. EMERGING TECHNOLOGY EXAMPLES	The candidate does not provide an example of any emerging technologies that could help the company gain a competitive advantage.	The candidate provides only 1 example of emerging technologies that could help the company gain a competitive advantage.	The candidate provides 2 or more examples of emerging technologies that could help the company gain a competitive advantage.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
D. RECOMMENDATION	The candidate does not provide an appropriate recommendation of 1 specific IT solution that will best address the weakness or threat that the candidate identified in part B3.	The candidate provides an appropriate recommendation of 1 specific IT solution, with insufficient support, that will best address the weakness or threat that the candidate identified in part B3.	The candidate provides an appropriate recommendation of 1 specific IT solution, with sufficient support, that will best address the weakness or threat that the candidate identified in part B3.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
D1. JUSTIFICATION	The candidate does not provide a logical justification of the recommended IT solution based on the candidate's research.	The candidate provides a logical justification, with insufficient support, of the recommended IT solution based on the candidate's research.	The candidate provides a logical justification, with sufficient support, of the recommended IT solution based on the candidate's research.

	UNSATISFACTORY	NEEDS REVISION	SATISFACTORY
E. SOURCES	When the candidate uses sources, the candidate does not provide in-text citations and references for each source used.	When the candidate uses sources, the candidate provides appropriate in-text citations and references with major deviations from APA style.	When the candidate uses sources, the candidate provides appropriate in-text citations and references accurately or with only minor deviations from APA style, OR the candidate does not use sources.
